Port of Douglas County Leasing Kitchen to North Central Technical Skills Center

*Culinary Arts/Food Service course taught at the Columbia
River Country Kitchen*

EAST WENATCHEE – The North Central Technical Skills Center is leasing the Port of Douglas County’s Columbia River Country Kitchen for a Culinary Arts/Food Service course. The Culinary Arts Program prepares students for a career in the food and hospitality industries. Participants learn kitchen procedures, dining room service, deli operations, baking/food preparation, banquet and catering services, hosting, and storeroom management. Students who complete the program will be prepared to work in restaurants, hotels, resorts and cafeterias.

“We are extremely excited about being able to offer this class,” said Skills Center Director John Linder. “We are happy to be in partnership with the port in utilizing this community facility.”

The Culinary Arts/Food Service course is available to students in Chelan, Douglas and Grant Counties. Students must be enrolled in an area high school or possess a GED and be between the ages of 16 and 21. The summer course will finish the end of July and the next course will start the beginning of September. For more information on this course or others offered by the North Central Technical Skills Center, contact John Linder at 662-8827.
